TO GET PLANS FROM BOSTON

City Council Engages F. F. Low as Architect for New Car Barns

ROSS STREET SITE CHOSEN
Gas Company to Put Up \$10,000 Before City Negotiates—Other Business at Council

IMPORTANT BUSINESS DONE LAST NIGHT

South end of present car barns, now to Ross street, chosen as site for new car barns to cost \$50,000.
F. F. Low, chief architect Boston railway system, to furnish plans for new car barns.
A. J. Latouré practically appointed city engineer at a salary of at least \$300 a month.
City refused to open negotiations with International Heating and Lighting Company for franchise unless the latter deposited \$10,000 in city treasury as guarantee of good faith.
Committee appointed to meet with delegation from the United Aids regarding a grant.

The site for the new car barns, which are to cost about \$50,000, was chosen last night at the meeting of the city council held in the council chamber. The site is immediately south of the old car barns, and faces on Ross street. The report on the matter as presented by the commissioners is as follows and was adopted in its entirety on a motion by Ald. McInnis and Ald. Monah.

Report on Car Barns.
"Your commissioners would recommend that the new car barns be erected at the south end of the present car barn block, next to Ross street. These barns and the offices and repair shops in connection therewith will cover, when completed, approximately a space

HAINER MAKES CONFESSION

Within Forty-Eight Hours of Time Set for his Hanging at Regina

Regina, Feb. 16.—Within forty-eight hours of the time when Henry Hainer, murderer of Frazer, the Marjoe homestead, must hang, the condemned man made a complete confession of his motives and premeditation of this awful act to Capt. Lakht of the Salvation Army, who has been spiritually advising Hainer for some time. He received the confession from the convicted man and he is authority for the information which is published today. After two weeks of premeditation of the deed which he committed in cold blood, Hainer met his former employer, Frazer, on the trail between his own homestead and that of the latter last summer, pulled his 22 revolver and shot the innocent man, who died instantly. In this connection Hainer told Capt. Lakht yesterday: "It was not 15 minutes after the deed was committed that I realized what I had done and knew myself to be a murderer and a condemned man. I repeated at once, Captain, and gave myself up to the authorities." In this same connection the condemned man told his spiritual adviser that the officer was the first man to whom he had openly confessed. The motive for the crime was anger wrought in Hainer because Frazer owed him for two years' wages as a farm laborer.

SHOULD BE REWARDED

Senator Cloran Calls Attention to Bravery of Mrs. Lindel at Spanish River

Ottawa, Feb. 16.—Senator Kirchhoff, chairman of the committee on divorce, yesterday presented a report from that committee recommending that the applications of Cecelia Maria Pringle of Montreal for divorce and A. A. Barthelemy of Toronto, for divorce, be granted. Senator Cloran called attention of the government to the bravery of Mrs. H. A. Lindel of Winnipeg, daughter of David Ward of Toronto, who, though injured herself in the Spanish River wreck, rendered most useful service in caring for many others who had been hurt. He declared that she had saved lives and was as worthy of recognition as was Conductor Reynolds. He suggested that the government send forward the two names for His Majesty's consideration.

Renfrew Defeats Canadians

Montreal, Feb. 16.—Renfrew defeated the Canadians last night at the Jubilee rink before a small audience. The game was a good exhibition of hockey and the Canadians had the best of the first half. Score at half time 2 to 3 in their favor. In the second half Renfrew had a little the better of the play and won out by a score of 8 goals to six.

THREE CHILDREN PERISH

Perish in a Fire which Destroyed a Tenement House in Brooklyn

New York, Feb. 16.—Three children lost their lives in a fire which destroyed a tenement house on Clay street, Brooklyn, yesterday. Two of the children, Michael Shinn, two years old, and his brother Frank Shinn, four years old, were enveloped in flames while taking an afternoon nap. The third child to lose its life was Catherine Craig, a five-year-old girl.

MAY GO TO UPPER HOUSE

Well-Defined Rumor in Rumor in Respect to Hon. Sydney Fisher, Minister of Agriculture

AN ACTIVE LEADER WANTED

Sir Richard Cartwright is Anxious to Relinquish Post Owing to Advancing Years and Infirmary

Ottawa, Feb. 16.—A well-defined rumor is in circulation in the House concerning the political future of Hon. Sydney Fisher, which bears the imprint of probability. It is stated that in a short time the Minister of Agriculture will be translated to the Senate to fill the vacancy from the Eastern Townships caused by the death of Senator Baker. He will assume the active government leadership in the upper house, still retaining his portfolio of Agriculture. Not only would this solve the problem which Sir Wilfrid Laurier has to face of choosing from a host of applicants for the vacant Eastern Townships senatorship, but it would give the upper house an active minister of the crown which it has lost since Sir Richard Scott gave up the post of secretary of state. At present Sir Richard Cartwright, minister of trade and commerce is government leader in the senate, but he is said to be desirous of relinquishing the burden owing to advancing years and increasing infirmity.

IN HOUSE THIS AFTERNOON

The Question of Mr. Cushing's Resignation from Cabinet will be Discussed

REASONS FOR RETIREMENT

Will, it is Expected, be Given to the Legislature by Premier Rutherford

A sequel to one phase of the political situation will be heard in the legislature this afternoon, when a private member will rise in his seat and inquire the reason for the absence of Hon. W. H. Cushing, Minister of the Public Works, from his seat in the Cabinet row.
Premier Rutherford will in all probability rise in response to the query, and will state that the resignation of Hon. W. H. Cushing has been placed in the hands of the Lieut.-Governor. It is expected that the Premier will also give the reasons for Mr. Cushing's resignation as he apparently is the only one who has been informed.

The Capital was able to secure an authoritative confirmation this morning of the resignation of the Minister of Public Works. Mr. Cushing himself will say nothing for publication. He was in receipt of a telegram from Winnipeg saying, "Have you resigned or not?" He did not give the information desired.

The Capital further learns that the House would have been officially informed of the resignation of Mr. Cushing at yesterday's sitting had not the Premier used his influence to have the matter delayed. It is known that the Premier and Mr. Cushing had a long consultation last evening. The outcome may be determined at the meeting of the House this afternoon.
"The smoke is clearing away," said a strong government supporter to the Capital this morning. "There has been disaffection in the Liberal ranks all right but those who are at the bottom of it have lost ground considerably since Monday. If a division of the House were called for today, the insurgents would find that their cause has depreciated in fighting force. It is felt that the rebellious element is prompted too much by personal feeling to think of making much headway after time has been given for careful reflection on the situation."

DISASTER TO FRENCH FORCE

Regiment Ambushed and Five Officers and 110 Native Soldiers Massacred

Paris, Feb. 16.—A despatch from the government of Dahomey Senegal says the French detachment has suffered heavy losses through an ambush in the Onadar regions. A whole company, composed of five French officers and 110 native soldiers were massacred.

Death of Hon. C. F. Cornwall

Victoria, B.C., Feb. 15.—Hon. C. F. Cornwall aged 74, formerly Lieutenant Governor of British Columbia, died in this city today of heart failure.
He was a prominent figure in the early history of the province and resided at Ashcroft, where he was judge of the county court. About two years ago he moved to Victoria. He leaves four sons and one daughter.

Libel Suit Failed

London, Feb. 16.—Hon. Henry Frederick Manners-Sutton, son of Viscount Canterbury, yesterday lost his suit against T. W. H. Trossand, sub-editor of the Academy, of which Lord Alfred Douglas is editor. Trossand made serious attacks on the moral character of Manners-Sutton, who is head of a religious publishing concern.

MR. WITHINSHAW CHOSEN

Well-Known Real Estate Man to be Inland Revenue Officer

The post of inland revenue officer at Edmonton has been filled by the appointment of E. Withinslaw. Mr. Dobbie, who has been temporarily in charge, left for Calgary on Saturday.
The new appointee stands high in the estimation of the people of the city, where he has been in business for seven years past. He is an Englishman by birth. The real estate agency which he has conducted in association with Mr. T. W. Tene for some time past will be continued by Mr. Tene. Mr. Withinslaw was a candidate for the council at the municipal elections last month and was beaten out by a small margin of votes.

RETURNS TO BOARD OF TRADE

F. T. Fisher to be Once More Secretary-Treasurer of that Organization

RESIGNED THREE YEARS AGO

Board is Very Fortunate to be Able to Secure Services Once Again of so Competent an Official

The vacant secretaryship of the Edmonton Board of Trade, from which office A. G. Harrison resigned to devote all his time to the affairs of the Exhibition Association, has been filled by the appointment of F. T. Fisher. The board is singularly fortunate in securing Mr. Fisher's services. He was Mr. Harrison's immediate predecessor in the post, resigning in March, 1907. Since that time he has been in charge of the Edmonton branch of the firm of Nicholson and Bain. He is an old-timer in the West and few men are so well acquainted with its resources and with the problems which it has to face. He is a veteran of the Rebellion of 1885, serving during the campaign with Boulton's Scouts.

During his term of office with the Board of Trade, that body underwent a large expansion and with the good work continued as it has been under his necessary. It is today a very powerful factor in the advance of the city. Mr. Fisher is at present vice-president of the Board and was in line for the presidency during the coming year.

INDIANS SET AT LIBERTY

Gladi Brothers Released from Charge of Murdering Red Bird

CROWN'S CASE WAS WEAK

Medical Evidence in Favor of Prisoners—Judge Harvey Closes the Evidence Abruptly

"Tell the prisoners that they are acquitted and are free to go now," said the words of Justice Harvey brought to an abrupt conclusion this morning the trial of Alex. and Peter Gladu on a charge of murdering an Indian by the name of Red Bird at Lac la Piche last August.

In taking the case from the hands of the jury and discharging the prisoners, Justice Harvey pointed out that the evidence that the Crown had been able to secure fell far short of proving that the Gladu brothers were in any way connected with the death of Red Bird.

View of the Court.
"The only evidence at all that there is to connect the accused with the dead man," said his lordship, "is a slight drunken brawl that took place some hours before. There is apparently no motive at all, and in view of this fact the ends of justice will be best served by the discharge of the prisoners."

Medical Evidence.
Dr. Aylmer, Port Saskatchewan, who made a post-mortem examination of the body of the dead Indian, was the first witness called this morning when the Crown resumed the presentation of evidence in its endeavor to convict the two brothers.

"When the body was examined," declared Dr. Aylmer, "I found no water in the lungs or the abdomen at all. Consequently I do not believe that the same could have been drowned. There were, however, several bruises and contusions on the head, and near one of these I found a clot of blood on the brain indicating a hemorrhage. I believe that it was hemorrhage on the brain that caused death, and that the asphyxiation was the direct result of a violent blow."

In cross-examination, however, the doctor admitted that a person could be drowned and no water be found in the lungs.

CHAMBERLAIN IN COMMONS

His First Appearance There Since Being Stricken by Paralysis Four Years Ago

London, Feb. 16.—For the first time since he was stricken with paralysis, Joseph Chamberlain put in an appearance in the House of Commons this afternoon and took the oath as a member of the new parliament. Mr. Chamberlain walked with great difficulty, being assisted by his son Jos. Austen and Lord Morpeth. When the membership roll was placed before him for his signature he required the aid of Austen, who signed the name of his father, the latter appending his mark.

Bennett and Boyle hear from the Premier what they wanted to know

SCENE DID NOT OCCUR

Large crowd gathered in gallery to witness fifteen minute sitting of the House.

The gallery of the Legislative Hall was filled yesterday afternoon with a crowd of visitors whose presence testified to the growing interest which the public is taking in legislation and politics.

There was one vacant seat. That was on the treasury benches usually occupied by Hon. W. H. Cushing, Minister of Public Works. Mr. Cushing has permitted two days to pass without taking his seat on the floor of the House.

Visitors who may have attended in expectation of an interesting sitting of the legislature were disappointed. The feature and the only feature of the day was the reading by the premier of the questions relating to the government guarantee of railway bonds asked by Mr. Bennett, Calgary, and those relating to the Alberta and Great Waterways Railway asked by Mr. Boyle, Sturgeon.

Bennett Hears About It

The questions asked by Mr. Bennett and the answers are as follows:
1. Has the guarantee of the province been endorsed upon the bonds of any railway companies since the last meeting of the legislature?
Ans. Yes.

2. If so, for what companies?
Ans. The Grand Trunk Pacific Branch Lines Co., the Canadian Northern Railway Co., successors by amalgamation to the Alberta Midland Railway, the Alberta and Great Waterways Co.

3. In respect of how many miles of railway of each company?
Ans. The Grand Trunk Pacific Branch Lines Company, 193 miles; Canadian Northern Railway, 280 miles; Alberta (Continued on Page Five)

HOPE ABANDONED

By Naval Official's in Regard to Missing Tug Nina

Washington, D.C., Feb. 16.—Hope of finding any trace of the tug Nina and her crew of 32 men has been practically abandoned by officials of the United States Navy Department. Unless some tangible evidence is discovered today, search will probably be given up.

A Contrary Report

Newport News, Va., Feb. 15.—Hearing northward and apparently safe and sound, the missing naval tug Nina was underway off Montauk Point, Long Island, last Sunday afternoon at two o'clock according to Captain Cummings of the whiteback steamer Bayview which arrived in port today from Searport, Va.

Captain Cummings believes that the Nina will put in an appearance at Boston tonight, but as she made no signs the captain thinks her engines were working.

Scotch Critic Cons
has Lost Thousand
by not Running
America

A writer in the Edinburgh
News says:

"We all of us have wasted opportunities to regret, but Price, the Marathon winner, has wasted years to lament. He proved himself to be among the top sawyers at the game—and for the top weights it is one of the most paying branches of modern sport—and, incidentally, landed a pot of money, but he revealed enough to himself even to come regret that he did not go over a couple of years ago. Instead of winning silver-plats in England, he might have been winning golden dollars in America all this last year at any rate. But in his case it's not yet too late to mend, and no doubt the new celebrity will be in great request before many more weeks are over his head. He looks good enough for anything, and all's fish that comes into the promoter's net by way of new celebrities.

The Marathon race would have been, I am afraid, a dull, meaningless thing but for Price. There would have been the early duel between Gardiner and Clark, the falling away of the English chaser, and the Lochelly man's plot, plod away to the finish for there was nobody who in Price's absence could have extended him. With Price to make a great challenge, draw upon the leader, and, in the long run, run out as gallant a winner as the now long series of "Marathons" has seen, the element of the sensational was introduced, and it was only fair to assume that the cordial plaudits which greeted the winner were a tribute to a sporting success, and not a case of 'phony talking'.

CALGARY TIGERS ARE CHAMPIONS

Defeat the St. Marys in a One-Sided
Game by a Score of 9 to 2—
Art. Lowes was the Star

The Calgary Tigers won another game Monday evening in the city hockey league series, when they made a good job of the St. Mary's team, and defeated them by nine goals to two.

The game was fast and the hockey at times pretty good. The Tigers had the advantage in every department of the game and won in the easiest fashion. In the first half the league leaders scored five times and led at half time by 5 to 0. The best hockey of the evening was played in the first ten minutes of the second half. The Saints started out with all kinds of speed and scored two goals through Bert Sparrow and Alex. McHugh. This success stirred things up a bit, and it looked as if the Saints were going to give the Tigers a hard finish. Such was not the case, however. Art Lowes, who was well supported by Herb King and Pinkham, played a good game and before the finish that player himself added three goals and Herb King one, which made four straight in a row for the Tigers.

The line-up of the two teams was as follows:

Tigers—Goal, Powell; point, Gibson; cover, McRossa; rover, White; centre, King; right, Pinkham; left, Art Lowes.

St. Marys—Goal, Tansey; point, Watson; cover, P. McLaughlin; rover, A. McHugh; centre, McKenzie; right, Walper; left, Sparrow.

Officials—Messrs. Forbes and Andrews.

"Once the ball fever gets hold of a player," said Joe McGinnity, "it is hard for him to keep still. In the indoor game he can have his favorite sport in the winter time. The game is very interesting and many hard-fought battles result in giving the men plenty of exercise, besides keeping them in good physical condition. It is a good clean sport and should be fostered along."

WHITCROFT AND MILLER HURT

The Two Edmonton Boys on the Renfrew Team Were Roughly Handled in Ottawa on Saturday Eve

Special to The Capital.

Ottawa, Feb. 16.—Fred Whitcroft and Hay Miller are suffering from injuries received in the gruelling contest with Ottawa. Miller's knee is badly wrenched and he has deep gashes on his face and head. "Whitty's" injuries to his thigh are serious and he is under the physician's care. He will probably be out of the game for a week.

"Dubbie" Kerr is likely to tie up with Ottawa against Wanderers on Saturday.

THREE NEW MEN ARE SIGNED

Pat. Whitfield, Jack Olsen and Lee Samuels will be with the Edmonton Baseball Club

With the New York Giants starting off for Austin, Texas, and other big league teams getting ready for the spring flight, baseball is beginning to shake the mud-balls out of its garments.

Every mail brings letters to Manager Deacon White of the Edmonton baseball team. Some contain signed contracts and others enclose their terms and signify that the writers would like nothing better than to don one of the new Edmonton uniforms.

Deacon has signed up Pat Whitfield, of Snohomish, Wash. Pat is an outfielder who covers ground, has left-handed and is there with the bines. Has never batted below .300. He sends terms which are satisfactory. Whitfield has had many previous offers to break into pro ball before, but decided that he would just as soon play amateur and hold down his position in the shingle mill which brings in \$8 per day. In 1908 Seattle made great efforts to land him, but there was nothing done. He will be a fixture in the Edmonton outfield.

Lee Samuels, a pitcher, writes Deacon and is willing to sign up. Samuels' terms are a trifling stipend, but if the thing can be managed he will be found on the pay roll. Lee, who is 6 ft. 2, and weighs 190 lbs., has pitched for Spokane, Butte and Tacoma, and has always had a good bunch of victories to his credit in that league. He should prove a star in the Western Canada circuit. Samuels also recommends Velez, a catcher, who, he says, is a much better man than Stingle, who will be remembered by local fans as catching for Brandon last summer.

Another outfielder in view is Jack Olsen of Superior, Wis. Olsen is a left-handed batter, fleet-footed and in '08 batted .270 for Houghton in the Northern Copper Country league. Deacon has played against Olsen and says he is there with the goods.

A reply has not yet been received from Hally Sheppard regarding the minstrel show, but there should be a letter any day now.

Sir: I saw a sign on Jasper avenue yesterday, "Perforated Music." I wondered afterwards whether they were the publishers of the "Holy City." Would you please find out? But maybe you don't believe in signs?—H. L. N.

BANFF BONSPIEL IS ENDED

The Silverware was Very Evenly Distributed—Wilson of Banff Won the Grand Aggregate from McLeod of Calgary

The Banff bonspiel which has been a great success, was brought to a close on Saturday evening when H. S. McLeod, Calgary, went down to defeat before J. Wilson of Banff. This game was for the Alexander Cup, which represents the grand aggregate of the "Spid." The victory of Wilson's "Kids" by 12 to 7 was a very popular one as the rink was composed of boys that have grown up in Banff and learned their curling there. The winners in the various events are as follows:

Grand Aggregate cup—Wilson, Banff. Queen's Hotel shield (Golden)—Banff. Grand Challenge—1st, Wilson, Banff; 2nd, Brett, Banff; 3rd, Freese, Calgary; 4th, Lee, Priddy's Doughts cup—1st, McLeod, Calgary; 2nd, Rayne, Banff; 3rd, Lee, Priddy's; 4th, Wilson, Banff. Brewey cup—1st, Tereck, Innisfail; 2nd, Freese, Calgary; 3rd, McLeod, Calgary; 4th, Thomson, Banff. Consolation cup—1st, Saddington, Banff; 2nd, Alexander, Banff; 3rd, J. A. Smith, Calgary; 4th, Gordon, Golden.

BALL TEAM FOR SOUTH AMERICA

A. G. Spaulding Will Take a Team of All-American Stars on a Long Trip in 1911

Cincinnati, O., Feb. 15.—Acting for A. G. Spaulding and under his directions, Frank A. Bancroft, business manager of the Reds, now is figuring the expenses, route, and date for a tour of South America, which will be held during this position in the shingle mill under the direct supervision of Bancroft.

At the close of next season the team is to be picked by Mr. Spaulding and Mr. Bancroft, and will leave in a short time thereafter for South America. Mr. Bancroft says untold opportunities are offered by the trip and that they will visit Buenos Aires, Rio de Janeiro, Montevideo, Valparaiso, and other capitals and important cities in that country. He says they will have enough games to keep them busy the greater part of the fall and winter.

"Understand, we are not trying to put bullfighting out of business," said Bancroft today. "We simply want to give them real baseball in the way 'she' ought to be played. I don't think they are totally ignorant about the game there, but feel sure we will get enough star players to make the trip to trim some of those chaps in South America."

WAINWRIGHT AND TOFIELD.

Special to The Capital.
Tofield, Alta., Feb. 16.—The first game in the championship series of the Eastern Alberta Hockey League is scheduled for Tofield on Monday, the 21st. Wainwright and Tofield will contest for the Dawson Trophy and Halstead Medal. Both teams are fast, and great interest is being taken all along the line in the probable outcome of the series.

Local City League Champions Defeat Stettler by a Score of 13 to 8

THE HALF TIME SCORE WAS FIVE ALL

The game was lightning fast and had the visiting defence been stronger the score would have been much closer—Four Strathcona Players on Stettler Forward Line Perform in Good Style—Teams Play Again This Evening—The Ice was Hard and Deacons Showed up well—Nearly Every Local Player Scored Goals

An hour's hockey without a dull moment was provided the fans last evening when Deacons defeated Stettler by a score of 13 to 8. The score at the interval was 5 all. The visitors had a forward line composed of Strathcona home-brews, and the boys from over the river did themselves proud. For the first twenty minutes they gave Deacons a merry time, and though the 600 spectators never feared the final result, still things looked shaky for a time. However, when the local forwards got into their stride they showed up the opposing defence in fine style. The game was remarkably clean, and a few penalties being handed out, and these for slight infractions of the rules. The one fact brought out by this game was—Deacons have a well-balanced aggregation and on hard ice, as was provided last evening, can hold their own with any team in the province. Calgary Tigers not excepted.

The same two teams will meet this evening and another hockey treat is promised. The lineup:

Penalties—Dea, 2 min.; J. Sutherland, 2 min.; Dea, 1 min.; Gill, 1 min.

The Play.

The play is fast from the start off and the puck quickly travels to Deacons' end. McGannan goes away and Raikes Stettler defence. Dea shoots and Raikes clears. Lynn takes down and nearly scores but Aldous checks him hard. McGannan and Gordon take down ice and Raikes stops a beauty from latter's stick. G. Banford and Gauvreau combine nicely and former scores the first goal for Deacons after nine minutes' fast play.

After face-off N. Sutherland just grazes the goal-post with a scorcher. Dea is ruled off and the game delayed five minutes by Lynn breaking a skate. On resumption of play—puck is in Deacons' end and Stettler forwards are extremely dangerous. Jim Sutherland shoots.

Stettler Evens Score.

Bill stops. Dea rushes up boards and rings in a hard one but it is a trifle wide. Jim Sutherland recovers puck and scores for Stettler in 5 mins. Score now 1 to 1. After the face-off Neil Sutherland takes up boards and Allen makes good. McGannan and Dea return and Lynn steals puck, evades Deacons' defence and scores for Stettler in 2 mins. Score 2 to 1. One minute later N. Sutherland counts another, and score stands 3 to 1. Play around Deacons' goal and the four Strathcona boys are playing excellent hockey. Mac relieves with a rash and Gill checks him, passes puck to Lynn who puts another past Raikes in 3 mins. Score 4 to 1.

Gauvreau Scores Two.

Lynn rains in a 'not came from side and ice takes down. On a centre from G. Banford, Pierre shoots puck in net. Score 4 to 2, and thirty seconds later notices another. McGannan and Dea pass, and the game is hard to follow. Delay for three minutes and then Jim Sutherland passes to Lynn who makes the score 6 to 2.

Deacons Score Again.

Aldous shoots down the ice and after getting inside the defence shoots wide. Same player and Mac try again. Stettler rover play. Mac and Pierre run up ice, and McGannan scores in 3 mins. Score now 5 to 4.

Dea glides up side and nearly sends puck through end of rink. Jim Sutherland returns and along with Mac falls through an open door. Mac now makes a sensational rush and Jim Sutherland gets two minutes for trying to cut him down. Deacons rover game and Gordon evens up the score, and half time is called with the score 6 all.

Second Half.

J. Sutherland still on fence. After one minute's play G. Banford puts Deacons ahead by a shot from outside cover-point.

Aldous and Gordon get by Gill and Lee and Hump misses sure goal by a mile. Bill Banford takes a little journey down ice and plays it end. Deacons Score Three.

Gordon and Dea get away and former scores in four minutes. Mac rushes to other end and shoots. Pierre scores in the rebound from Raikes' pass. Score 8 to 5. One minute later Aldous by beautiful stick-handling makes score read Deacons 9, Stettler 5. The visiting forwards are working well but defence is punk.

OTTAWAS HAVE A LEAD

They are Just One Game Ahead of the Montreal Wanderers—Standing of League

Ottawa now have a lead of one game over Wanderers for the league championship, and it is a lead which Wanderers will find it hard to overcome. If the Ottawas have an even break of luck for the rest of the season there is no doubt as far as can be foreseen at the present time why the Ottawa Cup, which is apparently to be the championship trophy of the National Association, should not spend the summer in the Capital.

Even if Ottawas are unable to defeat Wanderers in Montreal, and there are many with money to say they can, they should at least be able to win at home. The victory over Renfrew has strengthened Ottawa's chances immensely.

"THIRD FLOOR BACK" WON

They Defeated the "Trouble Hunters" of the Score of 25 to 14—A Very Good Game

The basketball game last evening at the Y.M.C.A. resulted in a win for the Third Floor Back team. As is always the case when trouble is looked for the "Trouble Hunters" get their due to the extent of 25 to 14. The teams were:

3rd Floor Back.	Trouble Hunters
Forwards.	
Clark.....	Gowan
Trentman.....	Dunham
Centre.	
Strachan.....	Harlow
Defence.	
Hutton.....	Miller
Jackson.....	Provide

erland scores for Stettler in one minute, and his brother Jim puts in the final goal just before whistle blows for full time. Final score 13 to 8.

NOTES OF THE GAME.

A tiresome day occurred at the beginning of the game owing to an objection being lodged against Shorty Campbell. He made good all right and kept the game clean.

Gordon Banford played a wonderful game and figured heavily in the scoring summary. He is a dangerous man on hard ice, as we have remarked before.

Harold Deaton and Jack Winchester made a wise-looking pair of time-keepers. When the score reached "13 to 7" a reminiscent look passed over their faces. Oh, you Ottawas!

Rus Allan had a momentous evening. Some periods of the game, he looked like the defender of Port Arthur during the late siege, and at others he had leisure to write a sequel to Percy Leavens' "How to Play Hockey."

Jim and Neil Sutherland are a handy pair of brothers and would add strength to any forward line.

Deacon White wasn't a bit pleased with the result. Oh, no, not at all! Capt. Kidd and his slogan, "Est 'em up, Deacons," could quite plainly be heard at 'tatschwan and other southern points. It struck terror into the Stettler team.

Bill Banford and Allan were the only Deacons not scoring goals, but Bill did his work in preventing the Stettler forwards from annexing counters.

Pete Burley and Shorty Campbell work well together in harness, and not even the most rapid Seona fan could find any fault with their work.

Many favorable comments on Dea's work on the boards were heard around

TO GET PLANS FROM BOSTON

(Continued from Page One)

900 feet in width, facing on Syndicate
avenue, and running back the full depth
of the block. By placing the buildings
in this location the advantage of sun-
light during the winter would be se-
cured in the offices and repair shops,
which would be on the south side, facing
Ross street.

"If the building is placed on the
north end of the block it will necessitate
putting the office and repair shop
on the north side, facing Gallagher
street, which would also mean the re-
moval of the present building or at
least a portion thereof, to make way
for the new building. The switches at
the present building on the barn would
also have to be removed before the
construction of the new building, and
then moved again when the new build-
ing was ready for use.

"The new building being of a per-
manent character will enhance the value
of all property in that district, particu-
larly as the barns and shops will af-
ford steady employment to a large
number of people who will desire to re-
side in the vicinity.

"We would further recommend that
the services of Mr. F. P. Low, chief
architect of the Boston Railway Sys-
tem, and chairman of the committee
of the American Street and Interurban
Railway System on Car Barn designs
be secured, to design the building and
draft the plans and specifications. His
fee for this work will be 1-2 per cent.
of the cost of the building. The build-
ing to be constructed at present will in-
clude the office, repair shops, etc., and
accommodation for approximately fifty
cars. The estimated cost is from \$30,000
to \$40,000 for the building, and from
\$8,000 to \$10,000 for tools and equip-
ment."

Alderman Miller asked why a local
or at least a Canadian architect could
not be secured.

"Mr. Lowe is an extra-specialist,"
explained Ald. Gariepy, who with
Mayor Lee saw Mr. Low in Boston.
"He is an expert in this line. He has
ideal car barns in Boston, and knows
thoroughly how to work out the eco-
nomic utility of the buildings. Other
architects could not do this, although
they might be able to supply good plans
for a building. Montreal made the mis-
take of not having an expert car-barn
architect, and the result was a mistake
was made in the building of the pils
which has since cost them thousands of
dollars."

The question of how much duty
would have to be paid on the plans
was also brought up, but it was de-
cided it would be better to get
plans from the States and pay duty
than get poorer plans in Canada.

Appointment Delayed.

The appointment of A. J. Latour-
nel as city engineer was also discussed. Mr.
Latournel is at present acting city en-
gineer and as he is leaving the city
on a trip east in a few days, Ald. Mould
moved that the appointment be made
at once, with a salary of not less than
\$100 a month. Ald. Gariepy wanted
the matter left over until next meeting
until after a commissioner of public
works had been appointed.

"After our trip, I think that both
Mayor Lee and I can say that Mr. La-
tournel is the man for the position, but
I think his formal appointment had
better wait."

Ald. Mould agreed to this on con-
dition that Mr. Latournel be notified by
wire as soon as he was appointed.

A warm discussion arose when a let-
ter from the International Lighting and
Heating Company was read, asking for
a franchise to erect a gas plant. Two
years ago a provisional franchise was
granted, but the company did not do
anything in the time limit, and as a
result the feeling last night was no
very cordial toward the company.

The company offered to furnish
bonds to the extent of \$10,000, but the
council did not favor this idea.

"We won't take bonds," declared Ald.
Gariepy, indignantly. "We have been
fooled too often by this and other com-
panies. During the last three or four
years we have had half a dozen gas
companies applying to us for franchises
and when they were lashed to they
did not go through with their promises.
If we wish to open negotiations, the
first step should be to secure a cash
guarantee of \$10,000. That is a very
modest amount in my estimation for so
rich a company."

"And," put in Ald. Hyndman, "I
think we should also allow local con-
cerns to come before us and put in
their propositions."

On a motion by Ald. Armstrong, sec-

onded by Ald. Mould, the following mo-
tion was then passed:

"That, as soon as the International
Lighting and Heating Co. make a cash
deposit of \$10,000 into the city treas-
ury, negotiations be opened up at
once; and if the city should not reach
an agreement with them, the money,
with interest, shall be returned."

United Aids' Request.

A delegation, headed by Mr. Travis
Barker, representing the United Aids
of the city, appeared before the council
and asked in view of the increasing de-
mands of the work of relief to the
poor, that a committee be appointed to
investigate the work of the Aids, with
a view of giving them a grant—and a
generous one at that.

"I don't suppose you want a lawyer
on this committee, then?" asked Ald.
Gariepy with a laugh.

"Just so long as they are three good
men of solid judgment, and I suppose
that three such men could be found
even in the legal profession," was the
response that elicited a roar of laugh-
ter.

Mayor Lee, Ald. Lundy and Ald.
Gariepy were then appointed as the
committee.

The council made a reference to the
power house investigation now under
way. "It's a sore subject, I'll admit,"
said Ald. Gariepy, "but I suspect that
this investigation is a little too broad.
I have private information on this
point. If we had a little more light on
this question we might give a little aid.
I have an idea that when the report of
the investigating committee is laid be-
fore us we will find that half the report
deals with everything else except the
lack of power."

"While we're at it," said Ald. Arm-
strong, "and we are paying experts to
conduct this, we might as well go the
whole rope. I have no doubt that
there are some who are not any too
well pleased to find that the investiga-
tion is going so far. There is no in-
formation to give out at present. It is
all in the hands of Mr. Ballantyne and
Mr. Francis."

E. B. Williams entered a claim of
\$70 on behalf of Mr. Oakshot for

wrongful dismissal from the water-
works department.

"An employee can be fired without
notice if services are unsatisfactory,"
said Ald. Gariepy.

Mr. Williams: "If Oakshot is fired
with reasonable and proper cause, he is
not entitled to \$70; if he was not, he
is. I think we should know what was
in Mr. McLean's report that led to
Oakshot's dismissal."

City Solicitor Brown: "Oh no; oh
no!"

"I hear Mr. Brown say 'Oh no!' If
we can't get it one way, I'll get the
contents of that report by suing the
city for the amount. Then I'll have the
mayor and solicitor, Mr. Butchart and
all the aldermen on the witness stand
and so get it at it."

Miscellaneous Business.

Other business transacted was as
follows:

A request from the St. George's Foot-
requested to meet with the company
on Syndicate avenue from April 1 to
July 21st was referred to the street
railway superintendent and the com-
missioners with power to act.

A letter from a citizen asking for
damages for a thoroughbred Airedale
terrier that was killed by a street car,
was filed.

A letter from Health Commissioner
T. H. Whitelaw, stating that Barnes
and Company's slaughter house should
be removed from its present site was
discussed, and the commissioners were
requested to meet with the company
and the city solicitor asked to look
into the legal aspect of the case and
report at the next meeting.

A request from the Western Canada
Publishing Company for information as
to the publicity methods, used by the
city, was referred to the industrial
committee.

Tenders for fuses and plugs for the
electric lighting system were accepted
from the Canada General Electric Co.
and the Northwest Electrical Supply
Co.

The report by Supt. Taylor on the
proposed extensions to the street car
system is to be presented next week.

Just Good Enough To Be Dangerous

If poor advertising mediums were
ENTIRELY worthless they would
not be dangerous! For they could
not, then, make any appeal whatever
to sensible advertisers.

But an advertising medium which
has a LITTLE MERIT is, like "a
little knowledge," a "dangerous
thing." Some business men there
are, always; who—for considerations
of "cheapness," etc.,—will either rely
upon such mediums wholly, or give
them an absurdly large part in their
advertising campaigns.

BIG BALLOT TO-MORROW

The Coupon in To-morrow's Capital will be Worth Ten Votes—Get Out Your Scissors and Vote for One of the Candidates

While the ballot in to-morrow's Capital will be good for ten votes, no extra copies will be printed or sold for the coupon alone. The only way to get the big coupon is from regular subscribers.

That interest in the Capital's prize contest is living up is shown by the number of candidates who received votes in the publication of the score on Saturday. Tomorrow will no doubt bring forward an additional number of voters. The race has started off very evenly, no one having a lead as yet consequently. Two yearly subscriptions to the Daily Capital would place a brand new candidate in the lead. Be that "brand-new" candidate and make a bid for one of the Nordheimer Prizes.

The prizes are here, the time is now, and it is up to the candidates in the contest to be there.

How to Get Votes

Each issue of the Daily Capital, Saturday News and Alberta Homestead obtain a voting coupon, good for 5 to 10 votes, which, when returned, and the name of the candidate written thereon will be counted as votes if sent to the contest department. Every payment of a subscription for the above papers carries a certain number of votes; for instance, a yearly subscription to the Daily Capital is worth 3,000 votes. Now, do you see how easy it will be to go among your friends for a starter and get thousands of votes the first day you start? Anything worth having is worth working for.

THE STANDING OF THE CANDIDATES

IN THE CAPITAL'S PRIZE CONTEST

First Grand Prize—\$600 Nordheimer Piano
Second Grand Prize—\$450 Nordheimer Piano

SPECIAL PRIZE—Solid Gold Watch awarded February 24 to the candidate bringing in the most money for NEW subscriptions up to that date

The two Grand Prizes will be awarded to the two candidates securing the largest number of votes on paid-in-advance subscriptions and ballots, irrespective of district in which the candidate lives.

After the grand prizes have been awarded, four prizes will be awarded in District 1, 2 and 4, and three prizes in District 3, to the candidates having the largest number of votes.

IRISHMEN WILL PLAY BASEBALL

In Addition to the Other Activities of the Irish Canadian Amateur Athletic Association

A large and well-attended meeting of the Irish Canadian Amateur Athletic Association was held last evening in Mechanics Hall with President Pat Dunne in the chair.

The summer activities of the Association were outlined and in addition to the football and track teams, the Irish Canadians will have a baseball team in the city league. Mr. last year's crack athletes including Alec, Decontem and Cameron will be in force this summer and the outlook is very bright for 1910.

C. J. Broderick read an extremely interesting paper on "The System of Fostering Athletic Sports in Alberta." It was attentively listened to and very well received by the members.

The question of football grounds was left over until the city football league holds its annual meeting. Pat Dunne was appointed as a delegate to interview the different Athletic associations in the city in regard to forming an athletic federation. If this project is accomplished allied meetings will be held which will act as a demonstration in selecting an athletic team for the provincial meet. A federation would also be able to work with more success, on the question nearest the heart of every athlete in Edmonton, namely, a street car service to the proposed joint athletic grounds at the east end park. It is to be sincerely hoped that the other athletic clubs in the city will help the I. C. A. A. in forming this federation.

INDIANS ARE SET AT LIBERTY

(Continued from Page One)

Joseph, the father of Red Bird, an old man with long black hair and typical Indian features, was called immediately after the noon recess yesterday afternoon.

"When did you last see your son alive?" asked Mr. Cogswell.

"Just before the payment of treaty money was made last summer."

"Where did he go then?"

"On the boats on the Athabasca river."

"How old was he?"

"I do not know, exactly, but he was about thirty?"

"Was he married?"

"Yes."

Several other witnesses were called, including Louis Schella and Two Bows, the two men who found the body and brought it into shore. Father Cunniffe, who performed the burial service, also testified.

The World of Amusement

ALL KINDS OF PEOPLE

Something that will appeal to the national spirit of everyone who attends will be found on the programme of "The Temple of Fame." Many nationalities will be represented in the sixty different parts, including a number of the characters who have made their respective countries famous. National dress will also be effectively illustrated. This production, which is to be given in the Education Opera House on Thursday and Friday nights, promises to be one of the most unique and interesting that has been offered for a long time. The programme includes several musical numbers by local artists, as well as the historic and humorous character-partis. All tickets reserved at Edmonton Book and Stationery Co.

NATIONAL STOCK COMPANY

Already much interest is evidenced in the production of "Friends," to-morrow evening by the National Stock Company, at the Empire theatre. Edwin Milton Royle's "Friends," like other great plays "The Sign of the Cross," has everywhere commanded the admiration of thousands. The National Stock Company promise a beautiful production of this celebrated comedy-drama, and some of the gossamer by the ladies of the company, should add not a little to the delight of the fairer sex, at least. Seats are now selling at the theatre box office. Those who appreciate a successful play presented in true metropolitan style, should not miss attending the Empire theatre to-morrow evening.

A PIG STORY

Which Comes from Southern Alberta—A Tale of Many Complications

Strathmore Standard: A case with a considerable amount of humor in it, which, however, threatened to give rise to protracted litigation proceedings, was settled amicably through Justice E. W. R. Lamberti, on Thursday. It appears that about three weeks ago Mr. Geo. Lloyd bought a pig from a man living a considerable distance from town, and while one of his employees was taking it into Strathmore it slipped out of the cart and got lost. It appears that it hiked for a granary belonging to Mr. W. G. Knyvet about ten miles south of the town. Its presence was only discovered there last week and Mr. Knyvet went out and brought in the elusive porker which, by this time, had given birth to a litter of eight healthy young ones. He impounded the lot for damages. When Mr. Lloyd heard where the pig was he asked for its recovery, but Mr. Knyvet, claiming that it had eaten and destroyed about 200 bushels of oats, refused to hand it over till he had received compensation to that amount. This Mr. Lloyd refused to do, and consequently there was much talk in the matter, and the new phase was pressed into service by both parties to get lawyers' opinions.

On Thursday the case came up before Mr. Lamberti and was disposed of amicably in less than half an hour. According to the story, Mr. Lloyd's pig had eaten and destroyed more than ten cents' worth of oats, and this amount Mr. Lloyd handed over, thus regaining possession of the porker. Later, in his capacity as arbitrator, Mr. Lamberti assessed the damages, which Mr. Lloyd placed at \$5 and Mr. Knyvet at fifteen dollars, at seven dollars, and the case ended amicably.

11. What was the total amount realized on the sale of said bonds?

Ans. \$7,400,000.

Permission to present petitions was given the members for Edmonton, Ponoka, Nanton and Lacombe.

Messrs. Riley, Buchanan, McDougall and A. J. McLean presented petitions which were laid on the table to come up for a first reading to-morrow.

Bills to receive a first reading were:

1. A bill to regulate travelling on public highways and bridges introduced by Hon. Mr. Cross.

2. A bill respecting rights of married women in the wills of their deceased husbands introduced by Hon. Mr. Marshall.

3. A bill respecting agreements for sale of chattels, introduced by Hon. Mr. Cross.

4. A bill respecting towns, introduced by Hon. Mr. Cross.

5. A bill respecting charges on land contained in certain instrument. Before adjournment Mr. Boyle suggested that when he might expect a return from the order of Monday that appears pertaining to the Great Waterways Railway be laid on the table.

The premier urged the committee on standing orders to meet at as early a date as possible so as to facilitate the business of the house. The house adjourned until to-day at 3 o'clock.

A CROWD OF TWO THOUSAND

Followed Theological Debate in Berlin
Amid Scenes of Dramatic
Interest

Berlin, Feb. 14.—Berlin was last week the scene of one of the most remarkable theological discussions since the days of Martin Luther. It was provoked by Prof. Arthur Drews, of Karlsruhe, who caused a public sensation by plastering the billboards of the town with posters propounding the startling question: "Did Jesus Christ ever live?"

On Monday night he addressed a huge concourse of people at the Zoological Garden in defence of his theory, and the following night he appeared in the same forum, in order, Luther-like, to defend his thesis against all comers.

A Ho! Debate.

A score of the most eminent theologians of the country responded to the invitation. The debate was carried on with fervor and passion before an audience of over 2,000 persons, who were held spellbound until three o'clock the next morning. The last hour was employed by Drews in a final resort to his ericks.

His onslaughts on the most cherished tenets of Christian doctrine were so graphic and ruthless that many women in the audience were overcome with emotion and had to be carried from the hall, shrieking hysterically. An intensely dramatic scene was presented by one woman, who stood on a chair and held her arms outstretched in the attitude of supplication to heaven to send down retribution upon the head of the Karlsruhe heretic.

Prof. Drews appeared in Berlin under the auspices of the League of Monists, whose position, as their name denotes, is akin to those who express their creed in the formula "There is no God but God; but hear, O Israel, the Lord thy God is the one God."

The Arguments.

Drews laid down his theories after the classic manner of old-time university disputations. The gist of his position was in a large measure like the mystical theory of David Strauss, which created a sensation fifty years ago. Strauss held that there was verily a

historic Christ, but that a vast mass of miracle and supernatural wonders had been woven like wreaths around the head of Jesus. Drews goes further. He alleges that there never was such a person as Jesus of Nazareth.

Baron von Soden, who is professor of theology at the University of Berlin, the pastor of the Jerusalem Church in Berlin, led the theological onslaught on Drews. He maintained that, even if it were firmly proved that any such person as Jesus never existed, that would hardly injure the heart and core of the Christian religion. Prof. Soden declared that it was beyond doubt that neither heathen, Jewish nor Christian writers of the apostolic age had ever once questioned the reality of the historic person of Jesus. It was impossible that their message could have been reconstructed around a myth of a redeeming and dying Son of God.

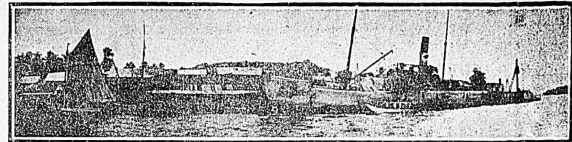

SMART WAS TOO SMART

In the police court yesterday John Smart, a motorman, was fined \$10 and costs or thirty days in jail for procuring liquor while interdicted.

According to the evidence given in court Smart was the mainpring of a lively little episode on Jasper avenue last night. After getting most properly pickled, Smart, who was in civilian dress and off duty, suddenly imagined he ought to be at the controller of a car. So the first car that came along he boarded and after crying to throw the conductor off, made an effort to get to the motorman. The car was stopped, however, and Constable Hogle placed the dabbler under arrest, with the result that Smart was fined heavily this morning.

But two other cases were on the calendar, both drunks. Fred Lapp and John Goss each were fined \$4 and costs or ten days for drinking not wisely but too well.

An important deal was consummated last week at Clareholm, when Mr. Harry Bell sold the Queens Hotel to Thomas Gay of Stavelay. The hotel is now undergoing extensive improvements and the new owner will take possession as soon as the license can be transferred. It is understood that the price paid was \$20,000.

After they have interpolated a few laborious essentials to make the proposition look hard, erected guards and fences to mitigate the danger of a pre-culent that may become awkward, cogitated long and earnestly, talked mysteriously and at some length, frowned deeply, shrugged significantly, prepared a set of statements exhaustive and elaborate, and ordered another round, they will restore John Kling to good standing. gas producer as a source of power, with particular reference to the special conditions that oppose or make for its introduction. In addition, he or his assistant, C. D. Smith, personally viewed sixty-nine different plants that furnish power for a great variety of purposes, to determine the economy and reliability of the plants under average conditions. After this inspection Professor Fernald decided:

- (1) That the plants as a whole are giving remarkable satisfaction in view of the brief period of development.
- (2) That the most serious difficulty seems to arise from the lack of competent operators to run the plants, though there are many more competent operators today than three years ago.
- (3) That the situation regarding misrepresentations and misunderstandings resulting from incompetent salesmen has with the stronger companies greatly improved.
- (4) That the situation regarding trouble due to manufacturers neglecting plants that have been installed and paid for has changed decidedly for the better within the last few years.

200 MILES BY END OF YEAR

W. R. Clarke says this Distance of the A. & G. W. R. will be in Operation—Supplies Dee From the East

"I have not come in response to a telegram," said W. R. Clarke, president of the Alberta and Great Waterways Railway to The Capital this morning. "I have nothing to do with political matters. My time has been devoted to letting contracts in preparation for construction on the road in the early spring. Practically the only contracts remaining to be let are for grading, and these will be let probably in six weeks' time. It is in connection with these matters that I have come."

"You can say that the Alberta and Great Waterways Railway will have 200 miles of railroad in operation by the end of this year. Within a few weeks you will see supplies for the construction camps pouring into the city. Contracts have been let for steel, bolts, nuts and other materials for the construction of the railway.

"We are a new concern to the public," added Mr. Clarke, "and the public may be excused for thinking that we cannot do things. By the close of this year results will be seen. An addition to the expert engineering staff is F. S. Darling, who has been in charge of the Toronto branch of the C.P.R. construction department."

Mr. Clarke refused to discuss the contract under which his company is operating. He stated, however, that the plans and profiles of the line are not yet completed and it is not reasonable to expect a full return in that particular.

A CLERGYMAN'S SUICIDE Philadelphia, Feb. 16.—Oliver Stocking, pastor of Emmanuel Methodist Episcopal Church of Roadborough, a suburb of this city, was found dead to-day in the bath tub at his home with his throat cut. The razor was found on the floor of the room, and it is believed the clergyman committed suicide while temporarily insane. Mr. Stocking was 58 years old and a graduate of Dickinson College.

THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

The annual meeting of the Liberal association will be held in the Basile block, Thursday, 17th, at 8 o'clock.

Mr. E. Hillier has been taken to the hospital suffering from an attack of typhoid fever. Mr. Hillier had just recovered from a very severe attack of pneumonia.

Mr. P. Bowen will ship a rink at the Innisfail hotel which opened yesterday. The personnel of his rink will be S. Q. O'Brien, H. Ritchie and L. Smea.

Dr. and Mrs. Don. Marlin returned yesterday from the east, where they have been visiting for the past six weeks with the doctor's people at Palmerston, Ont. During their trip they visited at Chicago and Toronto. The doctor reports very unpleasant raw weather in the east with all kinds of snow.

The students of the university have found that some mistakes have been made regarding the conversation for Friday night. They wish it to be known that this is essentially a student function to which the faculty are invited. After invitations to the premier, the lieutenant-governor, the cabinet, senate and a few representative citizens, those who have received invitations received them as friends of the students. Over three hundred invitations have been issued and a very pleasant evening is anticipated.

It is expected that the Strathcona hockey team will journey to Lloydminster some day this week to play off the semi-finals of the northern district with that place. The return game will be in Strathcona probably the end of next week.

STRATHCONA COUNCIL

Present—Mayor Duggan, Aldermen Pollard, Bush, Condon, Cahill, Ritchie.

Orders for accounts calling \$317 came in from Mr. Eaton the contractor on the fire hall. Alderman Pollard reported that the work had been stopped and he thought a full statement should be procured from Mr. Eaton since \$2,350 had already been paid him. Mr. Eaton claimed that no proper estimates had been made and that he had not been paid the 80 per cent. which his contract called for. Ald. Richards refused this statement, and the council referred the matter to the fire and light committee.

Alderman Bush, in reporting for the special committee with reference to city auditor, moved the appointment of Mr. Kinnaird, of Edmonton, with instructions to make a quarterly audit. The city auditor called attention to the fact that the charter calls for a monthly audit. A quarterly audit was thought sufficient by the council and an alteration of the charter to this effect will be sought.

Ald. Condon reported that the special committee in charge had been presented by several citizens of Strathcona with a pair of young moose; that six or seven acres of the park south of Ritchie's mill was being enclosed with wire fencing, and that inside of a week it was expected that the animals would be in their new home. The following accounts were ordered paid:

Donnan Lumber Co., \$20; Jackson Bros., \$4; Plimdale Co., \$24.11; McCombs Hardware Co., \$595; McCombs Hardware Co., \$28.30; E. A. Kemp & Son, \$248.52; Wilson & Herald, \$50.00. Total, \$352.03.

Also an old account of the Strathcona Fire Brigade found for riding at the Lord Strathcona reception, \$200. Mr. J. M. Van Baskirk, who has

kept the pool room in connection with the Dominion Hotel, stated that he was leaving the town and moving his table to Maitland. He asked that he pay the proportion of his sixty dollars annual license due from January 1 to date. Moved by Ald. Condon, that fifteen dollars be the fee in this case and agreed.
